

Questions for Panelists
Study Commission on Aging Meeting 11/12/08

Question 1:	What opportunities, challenges, or concerns will the aging baby boomer generation present for the State of North Carolina?
Question 2:	What plans is your organization undertaking to help ensure that the State is aware of, and prepared to address, the concerns of increased numbers of older adults?
Question 3:	<p>The Study Commission on Aging recommended a study last Session that incorporated the following:</p> <ul style="list-style-type: none"> ▪ A Committee to provide strategy and guidance ▪ An assessment of consumer needs, assets, and expectations ▪ An assessment of the State's awareness and preparedness ▪ An assessment of local awareness and preparedness ▪ The opportunity to conduct studies of special areas or needs. ▪ Financial Support for State and local planning ▪ Creation of an aging data warehouse <p>3A. If you feel the State has a responsibility to provide leadership, should it include all, some, or none of the items listed above? Are there other items that should be included?</p> <p>3B. What should be the top 3 priorities with regard to the State's planning efforts?</p>
